Work Experience

Creative Developer (Internship)

Cinekid

Jul 2020–Sept 2020

Worked with Eden Mitsenmacher in a team of four to create Pit-a-pat, a hybrid interactive installation for MediaLab 2020 as part of the Cinekid Festival.

UX Designer (Internship)

Navana Tech

Jun 2020–Aug 2020

Processed user research data and did UI, illustration, and motion design for Navana's range of accessibility-oriented products geared towards the low-literacy Indian audience.

Student Assistant

Interaction Station, WdKA

Jan 2020–Present

I explore and document new technologies to make them more accessible, teach programming classes, and help students realise their projects from a technical perspective.

Freelance Visual Designer

Self-employed

Sept 2017–Sept 2019

Created motion graphics and other marketing material for various companies and individuals. In particular, I worked extensively with DrillMaps, who attracted customers by featuring their promo material at expos such as ICUEE.

President

Technology Club, DPS Vasant Kunj

Aug 2017–Mar 2018

Led a multidisciplinary design + development team, winning numerous hackathons throughout Delhi NCR.
